DISCUSSION

¹ U S Census 2000

churches. Pleasant Hill is a community that is certainly deserving of a local service. The proposed channel 290A will provide additional diversity and an outlet for local self-expression to Pleasant Hill residents and therefore is in the public interest.

In order for Channel 290A to be allotted to Pleasant Hill, Louisiana, two stations must be reclassified from C's to CO's. Those station are KYKX Channel 289C at Longview, Texas and KXRR Channel 291C at Monroe, Louisiana. (See, Attachment A, Request to Reclassify Statement for KYKX) and (See, Attachment B, Request to Reclassify Statement for KXRR)

Attached hereto is a channel study confirming that Channel 290A can be allocated to Pleasant Hill, Louisiana, consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992). (See, Attachment C) Reference coordinates for Channel 290A at Pleasant Hill, Louisiana are:

31 54 00 N
93 26 00 W

Should this petition be granted and Channel 290A be allotted to Pleasant Hill, Louisiana, Petitioner will apply for Channel 290A at Pleasant Hill and after it is

authorized, will promptly construct the new facility.

The factual information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

Charles Crawford, the proponent of Channel 290A at Pleasant Hill, Louisiana, in accordance with the above Docket, formally requests that the Commission reclassify Radio Station KYKX(FM) as a Class C0 facility. Charles Crawford certifies that no alternative channel is available for the service he proposes at Pleasant Hill as is proposed in the Petition for Rule Making.
